

URL's Block

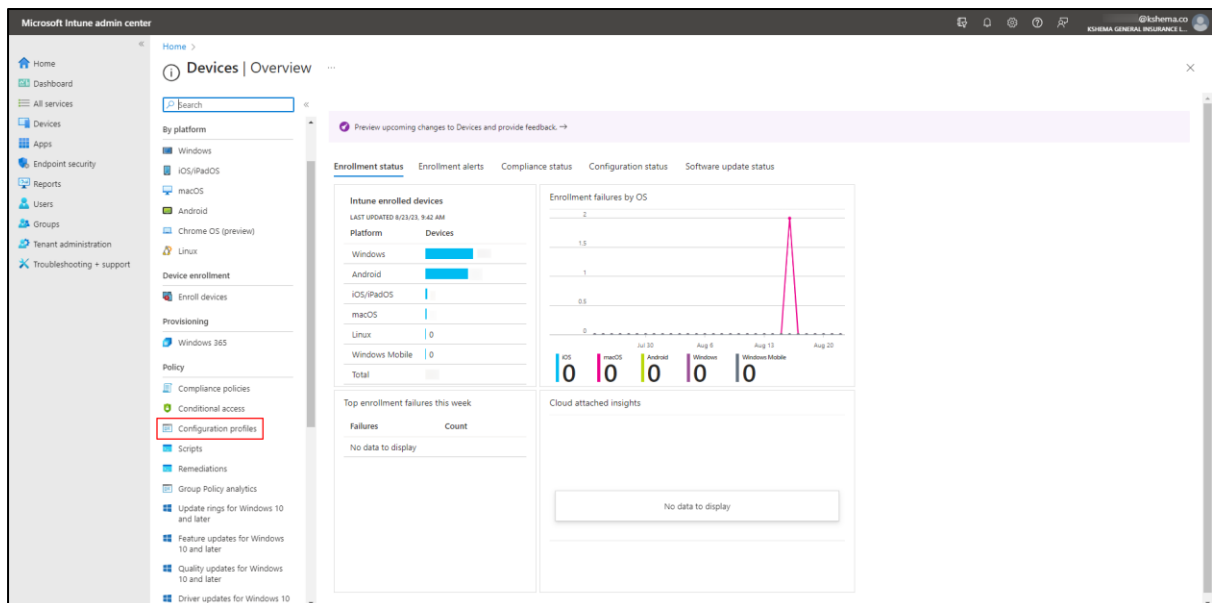

Steps:

Step-1: Login to (<https://endpoint.microsoft.com>).

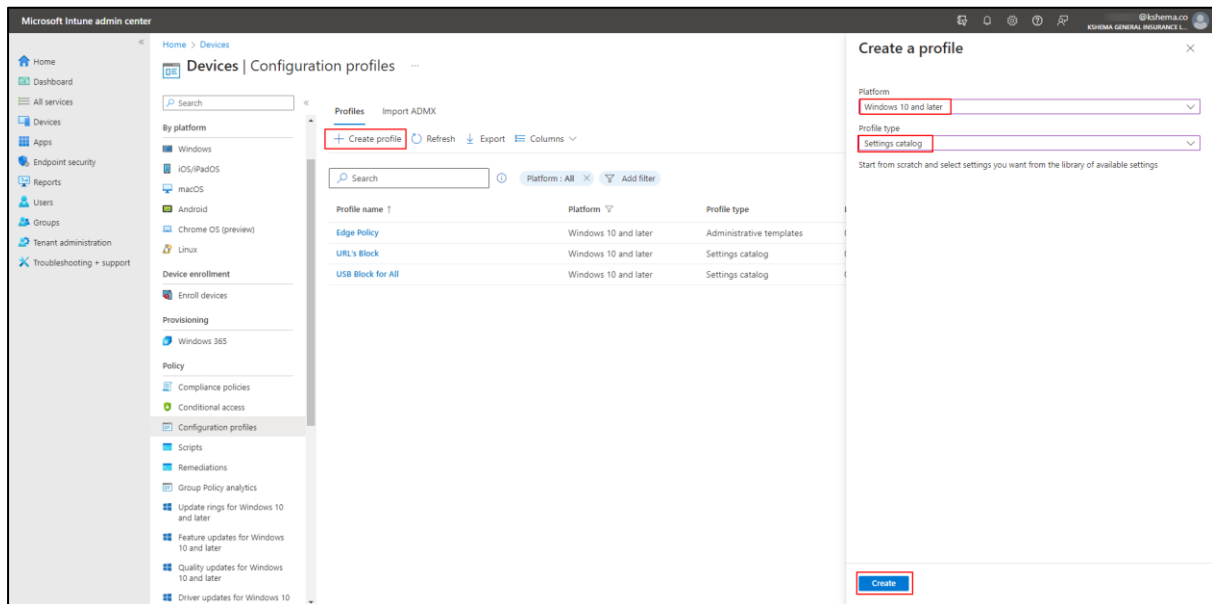

Step-2: Click on Devices on left side.

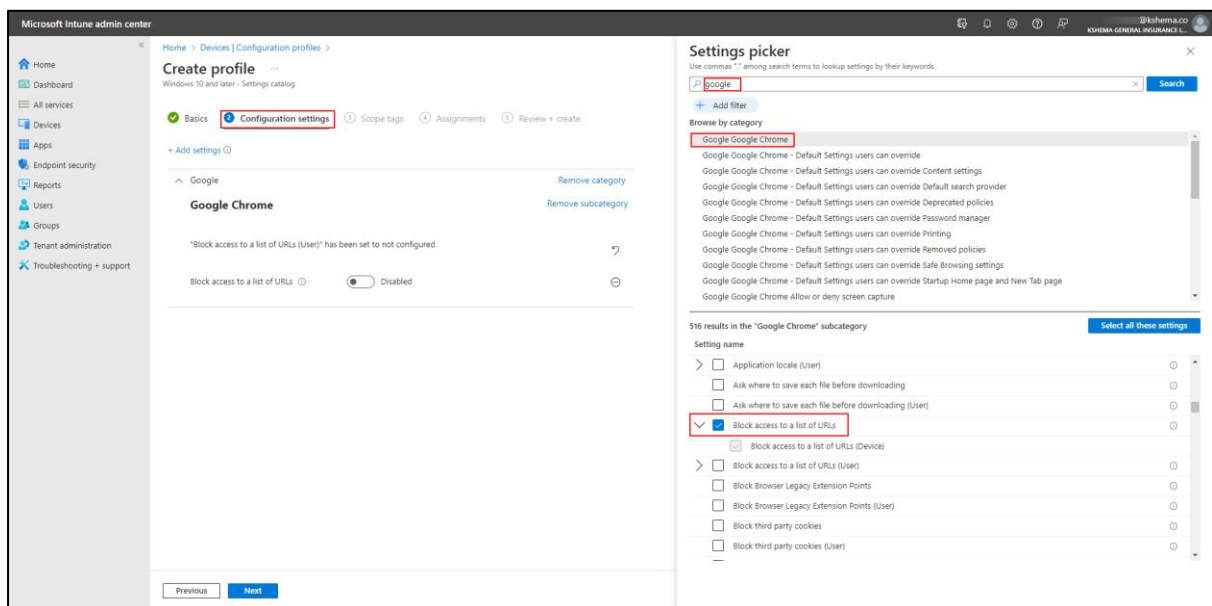

Step-3: Under Policy click on configuration profiles.

Step-4: Create a profile by clicking on create profile and select platform as windows 10 and later & profile type as settings catalog. Click on create.

Step-5: Give a meaning full name and description for the profile. Under configuration settings select “Google Google Chrome” and select block access to a list of URLs

Step-6: By clicking on import we can add URL that we want to block.

Microsoft Intune admin center

Home > Devices > Configuration profiles > URL's Block

Edit profile - URL's Block
